

## **NYS Labor Law Section 220: Hours, Wages and Supplements**

1. Eight hours shall constitute a legal day's work for all classes of employees in this State except those engaged in farm and domestic service unless otherwise provided by law.

\* 2. Each contract to which the State or a public benefit corporation or a municipal corporation or a commission appointed pursuant to law is a party, and any contract for public work entered into by a third party acting in place of, on behalf of and for the benefit of such public entity pursuant to any lease, permit or other agreement between such third party and the public entity, and which may involve the employment of laborers, workers or mechanics shall contain a stipulation that no laborer, worker or mechanic in the employ of the contractor, subcontractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be permitted or required to work more than eight hours in any one calendar day or more than five days in any one week except in cases of extraordinary emergency including fire, flood or danger to life or property. No such person shall be so employed more than eight hours in any day or more than five days in any one week except in such emergency. Extraordinary emergency within the meaning of this section shall be deemed to include situations in which sufficient laborers, workers and mechanics cannot be employed to carry on public work expeditiously as a result of such restrictions upon the number of hours and days of labor and the immediate commencement or prosecution or completion without undue delay of the public work is necessary in the judgment of the Commissioner for the preservation of the contract site and for the protection of the life and limb of the persons using the same. Upon the application of any person interested, the Commissioner shall make a determination as to whether or not on any public project or on all public projects in any area of this State, sufficient laborers, workers and mechanics of any or all classifications can be employed to carry on work expeditiously if their labor is restricted to eight hours per day and five days per week, and in the event that the Commissioner determines that there are not sufficient workers, laborers and mechanics of any or all classifications which may be employed to carry on such work expeditiously if their labor is restricted to eight hours per day and five days per week, and the immediate commencement or prosecution or completion without undue delay of the public work is necessary in the judgment of the Commissioner for the preservation of the contract site and for the protection of the life and limb of the persons using the same, the Commissioner shall grant a dispensation permitting all laborers, workers and mechanics, or any classification of such laborers, workers and mechanics, to work such additional hours or days per week on such public project or in such areas the Commissioner shall determine. Whenever such a dispensation is granted, all work in excess of eight hours per day and five days per week shall be considered overtime work, and the laborers, workers and mechanics performing such work shall be paid a premium wage commensurate with the premium wages prevailing in the area in which the work is performed. No such dispensation shall be effective with respect to any public work unless and until the department of jurisdiction, as defined in this section, certifies to the Commissioner that such public work is of an important nature and that a delay in carrying it to completion would result in serious disadvantage to the public. Time lost in any week because of inclement weather by employees engaged in the construction, reconstruction and maintenance of highways outside of the limits of cities and villages may be made up during that week and/or the succeeding three weeks.

\* NB Effective until October 27, 2012

No such person shall be so employed more than eight hours in any day or more than five days in any one week except in such emergency. Extraordinary emergency within the meaning of this section shall be deemed to include situations in which sufficient laborers, workmen and mechanics cannot be employed to carry on public work expeditiously as a result of such restrictions upon the number of hours and days of labor and the immediate commencement or prosecution or completion without undue delay of the public work is necessary in the judgment of the Industrial Commissioner for the preservation of the contract site and for the protection of the life and limb of the persons using the same. Upon the application of any person interested, the Industrial Commissioner shall make a determination as to whether or not on any public project or on all public projects in any area of this State, sufficient laborers, workmen and mechanics of any or all classifications can be employed to carry on work expeditiously if their labor is restricted to eight hours per day and five days per week, and in the event that the Industrial Commissioner determines that there are not sufficient workmen, laborers and mechanics of any or all classifications which may be employed to carry on such work expeditiously if their labor is restricted to eight hours per day and five days per week, and the immediate commencement or prosecution or completion without undue delay of the public work is necessary in the judgment of Industrial Commissioner for the preservation of the contract site and for the protection of the life and limb of the persons using the same, the Industrial Commissioner shall grant a dispensation permitting all laborers, workmen and mechanics, or any classification of such laborers, workmen and mechanics, to work such additional hours or days per week on such public project or in such areas the Industrial Commissioner shall determine. Whenever such a dispensation is granted, all work in excess of eight hours per day and five days per week shall be considered overtime work, and the laborers, workmen and mechanics performing such work shall be paid a premium wage commensurate with the premium wages prevailing in the area in which the work is performed. No such dispensation shall be effective with respect to any public work unless and until the department of jurisdiction, as defined in this section, certifies to the Industrial Commissioner that such public work is of an important nature and that a delay in carrying it to completion would result in serious disadvantage to the public. Time lost in any week because of inclement weather by employees engaged in the construction, reconstruction and maintenance of highways outside of the limits of cities and villages may be made up during that week and/or the succeeding three weeks.

Notwithstanding the foregoing, the department of jurisdiction may release monies due and owing on the contract or subcontract which have not been withheld pursuant to section two hundred twenty-b of this article for the sole purpose of satisfying the contractor's or subcontractor's obligations under the contract or subcontract to third parties who were not themselves involved in the violations giving rise to the subsequent offense. For the purposes of this subdivision, third parties shall include, but not be limited to, contractors, subcontractors, materialmen, and funds, plans, and programs providing pension, health, and welfare benefits to workmen, laborers, and mechanics employed pursuant to such contract or subcontract. The department of jurisdiction may release such monies upon the application of the contractor provided that no monies shall be released without the written approval of the fiscal officer or by order of a court of competent jurisdiction.

(iv) In addition to the penalties set forth above, every contract for a public work project shall contain a term stating that the filing of payrolls in a manner consistent with subdivision three-a of this section is a condition precedent to payment of any sums due and owing to any person for work done upon the project.

Such department shall file with the fiscal officer, as defined in this section, the classification of workers, mechanics and laborers to be employed upon such public works project, together with a statement of the work to be performed by each such classification. From such statement it shall be the duty of the fiscal officer to make a proper

Where the contractor or sub-contractor maintains no regular place of business in New York State and where the amount of the contract is in excess of twenty-five thousand dollars such payrolls shall be kept on the site of the work. All other contractors or sub-contractors shall produce within five days on the site of the work and upon formal order of the commissioner or his or her designated representative such original payrolls or transcripts thereof, subscribed and sworn to or affirmed by him or her as true under the penalties of perjury, as may be deemed necessary to adequately enforce the provisions of this article. Every contractor, and sub-contractor, shall submit to the department of jurisdiction within thirty days after issuance of its first payroll, and every thirty days thereafter, a transcript of the original payroll record, as provided by this article, subscribed and sworn to or affirmed as true under the penalties of perjury. The department of jurisdiction as herein referred to shall be the department of the state, board or officer in the state, or municipal corporation or commission or board appointed pursuant to law, whose duty it is to prepare or direct the preparation of the plans and specifications for a public work project. Each department of jurisdiction shall designate in writing an individual employed by such department responsible for the receipt, collection and review for facial validity of payrolls. Said designation shall be filed with the fiscal officer and posted in a conspicuous location at the project site. If the designated individual cannot perform the receipt, collection and review of certified payrolls duties as indicated above, for any reason, including but not limited to reassignment, promotion or separation from employment, the department of jurisdiction must immediately designate another individual employed by such department to fulfill such responsibilities. Such order shall direct payment of wages or supplements found to be due, including interest at the rate of interest then in effect as prescribed by the superintendent of banks pursuant to section fourteen-a of the banking law per annum from the date of the underpayment to the date of the payment, provided, however, that such interest rate shall not apply to subdivision eight-c of this section. In addition to directing payment of wages or supplements including interest found to be due, such order may direct payment of a further sum as a civil penalty in an amount not exceeding twenty-five percent of the total amount found to be due. In assessing the amount of the penalty, due consideration shall be given to the size of the employer's business, the good faith of the employer, the gravity of the violation, the history of previous violations and the failure to comply with recordkeeping or other non-wage requirements. Where the fiscal officer is the Commissioner, the penalty shall be paid to the Commissioner for deposit in the State treasury. Where the fiscal officer is a city comptroller or other analogous officer, the penalty shall be paid to said officer for deposit in the city treasury. Upon the entry of such order any party aggrieved thereby may commence a proceeding for the review thereof pursuant to article seventy-eight of the civil practice law and rules within thirty days from the notice of the filing of the said order in the office of the fiscal officer. Said proceeding shall be commenced directly in the Appellate Division of the Supreme Court. If such order is not reviewed, or is so reviewed and the final decision is in favor of the complainant and the order involves or relates to the rate of wages paid or the supplements provided on such public work, the complainant or any other person affected may within six months after the service of notice of the filing of said order, or the notice of entry of said final decision on review, institute an action against the person found violating this act for the recovery of the difference between the sum actually paid or provided and the amount which should have been paid or provided, together with interest at the rate of interest provided herein, as determined by said order or decision, as the case may be, from and after the date of the filing of said verified complaint, with the fiscal officer or of the filing of the fiscal officer's report of investigation made on his own initiative. Provided that no proceeding for judicial review as provided herein shall then be pending and the time for initiation of such proceeding shall have expired, the fiscal officer may file with the county clerk of the county where the employer resides or has a place of business the order of the fiscal officer containing the amount found to be due. The filing of such order shall have the full force and effect of a judgment duly docketed in the office of such clerk. The order may be enforced by and in the name of the fiscal officer in the same manner, and with like effect, as that prescribed by the civil practice law and rules for the enforcement of a money judgment.

8-a. Notwithstanding any inconsistent provision of this chapter or of any other general, special or local law, ordinance, charter or administrative code, the prior receipt without protest of the wages, salary or supplements paid or provided, as the case may be, to the complainant or any other person affected by such final order, or his failure to state orally or in writing upon any payroll or receipt which he is required to sign that the wages, salary or supplements received by him is received under protest, or to indicate in any other way his protest against the amount thereof, or that the amount so paid does not constitute payment in full of the wages or salary due him for the period covered by such payment, or that the supplements provided do not constitute the full supplements due him, shall not be a bar to his right to recover, in accordance with the provisions of subdivision eight, the difference between the sum actually paid or provided, as the case may be, and the amount which should have been paid or provided, as the case may be, as determined by such final order.

8-b. Notwithstanding any inconsistent provision of this chapter or of any other general, special or local law, ordinance, charter or administrative code, an employee of a municipal corporation, irrespective of the title of his position or employment, whose salary or wage or supplement is fixed by reference to a prevailing rate of wage determined or to a prevailing practice for supplements determination and

established by a final order in a proceeding instituted under this section, shall not be barred from his right to recover, in accordance with the terms of such fixation, the difference between the amount actually paid to him and the amount which should have been paid to him or provided, as the case may be, pursuant to such fixation, because of the prior receipt by him without protest of the salary, wages or supplements paid or provided to him, as the case may be; or because he did not previously protest his prior failure to be provided with any supplement whatsoever; or on account of his failure to state orally or in writing upon any payroll or receipt which he is required to sign that the salary or wages or supplements received by him is received under protest, or on account of his failure to indicate his protest against the amount or non-provision thereof or that the amount so paid or provided does not constitute payment or provision, as the case may be, in full of the salary, wages or supplement due him for the period covered by such payment.

8-c. Interest at six percentum per annum shall begin to accrue sixty days after a final determination made by a fiscal officer on the difference between the prevailing wages so determined, and which should have been paid to an employee of a municipal corporation, and the amount actually received by him. Said accumulated interest shall be paid to the employee when back pay based on the determination is paid to him.

8-d. Notwithstanding any inconsistent provision of this chapter or of any other law, in a city of one million or more, where a majority of laborers, workmen or mechanics in a particular civil service title are members of an employee organization which has been certified or recognized to represent them pursuant to the provisions of article fourteen of the Civil Service Law or a local law enacted thereunder, the public employer and such employee organization shall in good faith negotiate and enter into a written agreement with respect to the wages and supplements of the laborers, workmen or mechanics in the title. If the parties fail to achieve an agreement, only the employee organization shall be authorized to file a single verified complaint pursuant to subdivision seven herein, on behalf of the laborers, workmen or mechanics so represented. Such employee organization shall be the sole and exclusive representative of such laborers, workmen or mechanics at any hearing pursuant to subdivision eight herein, and shall be the sole complainant in the proceeding for all purposes therein, including review pursuant to article seventy-eight of the Civil Practice Law and rules. Service by the fiscal officer on the employee organization shall be sufficient notice to the laborers, workmen or mechanics so represented for all purposes of subdivision eight herein, except that the issuance and enforcement of subpoenas shall be regulated by the Civil Practice Law and rules. Any order, compromise, or settlement determining the issues raised upon such a proceeding, which has not been taken up for review by the employee organization, shall be binding upon the laborers, workmen or mechanics represented by the employee organization. Nothing herein shall be construed to limit the rights of any laborer, workman or mechanic who has on file a verified complaint prior to the effective date of this subdivision.

9. When a final determination has been rendered, any person that wilfully refuses thereafter to pay the rate of wages or to provide the supplements determined to be prevailing, or wilfully employs on such public work, laborers, workmen or mechanics more than the hours per day determined by said order until modified by order of the fiscal officer or court and thereby violates the provisions of this section shall be guilty of a misdemeanor and upon conviction thereof shall be punished, in accordance with the penal law. A person who violates this subdivision after having previously been convicted of violating this subdivision within the past five years shall be guilty of a class E felony, and in addition thereto the contract on which the violation has occurred shall be forfeited; and no such person shall be entitled to receive any sum nor shall any officer, agent or employee of the State or of a municipal corporation pay the same or authorize its payment from the funds under his charge or control to any such person for

work done upon any contract, on which the contractor has been convicted of second offense in violation of the provisions of this section.
